Volume 23—Number 13

Week of March 23, 1952

INDEX TO VOLUME 22

July Through December 1951

How To Use This Index

As you know, items in *Quote*, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of *Quote*, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, running down the column on the right, "Adversity—17-1;" tells you that an item on Adversity will be found in the 17th issue of *Quote* under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "Accidents—9-g;" indicates that an item on Accidents appears in the regular *Good Stories* section of issue 9 under the index letter g. The reference to "Art—2-C;" means that an item on that subject appears on the *Calendar* page in issue 2. *Wisecracks*, which carry no index letters of their own, are given the letters of the anecdotes between which they appear. For instance, "Alibi—16-1/j;" indicates that a *Wisecrack* on that topic will be found in issue 16 between *Good Stories* i and j.

Quotations in the section *May We Quote You On That?* are also numbered consecutively, but each number is followed by the letter Q. Thus, the entry in the right hand column, "Apathy—3-11Q;" refers to a quotation on Apathy in the 3rd issue, numbered 11Q, in the *May We Quote . . .* section. A complete list of department abbreviations appears below:

I certainly think that the best book in the world would owe the most to a good index, and the worst book, if it had but a single good thought in it, might be kept alive by it.—HORACE BINNEY, American lawyer, writer and public speaker, in a letter to a friend, April 8, 1868.
